## IRRIGATION.

A Big Scheme Under Way—Lassen Flume and Land Company's Work—200,000 Acres of Land to be Irrigated—Railroad Project to Open the Timber Belt

About a year ago the *Post* drew attention to the comprehensive scheme of irrigation projected by the Lassen Flume and Land Company, under the act of Congress, of March 3, 1875, providing for the reclamation of desert land within Lassen county. This act, as readers of the *Post* will remember, was drafted by Captain Charles A. Merrill and engineered by him through Congress, and it was upon an official report of its working in Lassen county that the general law for the reclamation of desert land was passed—a law, by the way, different in some essentials from the Lassen county act, and which, it is complained, has been abused in several instances. It is, however, with the Lassen county act that we have to do. By reason of its provisions the Lassen Flume and Lumber Company will pay the United States government

$150,000 FOR LAND,

Which had been thrown out as worthless by the United States survey, and add millions of taxable property to the State. This result alone is, in an eminent degree, serving the public interest. Without water, sagebrush land is valueless. With water, it may be reclaimed, and turned into fruitful fields, supporting an industrious population, strengthening the commonwealth, and adding immeasurably to the resources of capital of the State. But the cost of bringing water upon the great bulk of the sagebrush land of California is far beyond the means of private individuals. It can only be done by associated effort, and to be remunerative it must be on a large scale. Hence, the absurdity of the cry against taking up desert land in large blocks for the purpose of irrigation. If it be not so taken up it must remain barren, yielding neither revenue to the State nor profit to individuals. If, on the other hand, associated capital be directed to the irrigation of the sagebrush wastes of northern California, wide areas will be rendered fit for settlement, the State will derive revenue from taxes levied upon it and upon all improvements thereon, while settlers will acquire small farms on easy terms at fair market value. In this way capital will become reproductive and a beneficent agency as well, because it will be used for the creation and development of wealth, which is not the case when it is held for usury or tilted in the stock market for purely speculative purposes. The Lassen Flume and Land Company has done a great deal already towards justifying the law by virtue of whose provisions it was incorporated. Up to the present time

$95,000 HAS BEEN EXPENDED IN WAGES IN LASSEN COUNTY

By this company in the prosecution of its undertaking. In one flume alone there are upwards of 600,000 feet of timber, its cost being over $32,000. At one time as many as 145 men were employed by the company. This expenditure must have been very useful in Lassen during the dull times, when work was so scarce all over the State, and it should be stated, to the credit of the company, that Chinese were not employed. Water has been got upon a portion of the land, and it has been determined to push vigorously forward and prepare for the advent of a colony from Maine, which will soon locate upon the land. The water for irrigation is taken from Eagle lake, a magnificent sheet of water, having an area of 110 square miles, and which has been sounded to a depth of 600 feet without touching bottom. The lake is at a level 1,000 feet above the land to be irrigated. This gives an adequate fall for a system of gravitation, and will furnish water power to drive the large sawmill which the company propose erecting at the end of their flume. On the north and west of Eagle lake lies the finest forest in California, from which the Comstock must ultimately obtain its timber. Sixty thousand acres of this forest must be approached through Eagle lake, and the Lassen Flume and Land Company, having secured this forest, intend sending the logs down the flume to the mill to be turned into lumber. It is likewise proposed to

BUILD A RAILROAD TO CONNECT AT OR NEAR RENO,

From whence the lumber and firewood can be sent to Virginia City and other points. It will be seen, therefore, that San Francisco capital is being used, in a quiet but effective way, in the development of the rural districts, despite the declarations of many country newspapers that the city absorbs the substance of the State and yields nothing in return. Here is an undertaking which will create wealth in a remote district long before those connected with it can hope to derive one cent from their large outlay. Nay, more, they must pay into the United States Treasury $1 25 upon every acre irrigated by them before they can obtain a patent and convey a title to purchasers. In short, the project must be completed, and all the expenditure gone to, before the company can deal with the property with a view to profit. This fact, we say, entitles them to the thanks, at least, of Lassen county, and should be a sufficient answer to those who cavil at the principle of a desert land law. It is a sound principle, and need not be marred by provisions which admit of abuse. The present directory of the Lassen Flume and Land Company are well known capitalists of San Francisco, namely, C F. McDermott, President; David Porter, Samuel L Thebes, R P. Clement and Eugene Casserly. At a meeting of the directors recently held in the company's office, corner of Clay and Montgomery streets, Captain C. A. Merrill was unanimously chosen general manager, and instructed to carry out the projects of the company with vigor. In consequence of this resolution, and as it has been already stated, to prepare for a colony of Eastern immigrants, work will be prosecuted uninterruptedly to completion. This will be good news for Lassen county, and should interest all who desire to see the beneficial occupation of the State by an industrious American population.—*S. F. Post.*

The Pacific Railroad Companies will by Monday next decide whether or not they intend to furnish information to the Government regarding their financial transactions, as required by law. The Union and Central Pacific are determined to contest at every step the constitutionality of the Sinking Fund law; but to do so by refusing to furnish their report would, in case they lost their suit with the Government, imperil their charter.

## THE STATE SUPERINTENDENCY.

It is not with surprise that we notice a disposition on the part of the teachers of Ormsby and Storey Counties to secure the nomination of a man at the Republican Convention for State Superintendent of Public Instruction who is a practical teacher and qualified by experience to perform the duties of the office. There is a general feeling abroad, in which we share, that this office ought to be held for competition among school teachers, and that clergymen should be debarred from filling it successively to the exclusion of those who are better qualified to fill it than they. We notice that Professor D. A. Ewing, Principal of the High School at Virginia, is favorably mentioned as a competitor with the present incumbent for the nomination at the Eureka Convention. Professor Ewing is a fine scholar, a veteran teacher, a non-sectarian, and, unless there be geographical considerations in the way, should receive the nomination. We have had preachers for State Superintendents long enough.

THE Democratic Primaries were held in Ormsby county last Saturday. There were two tickets in the field, a Bradly and a Fox ticket. The total number of votes cast was 213, and of these 137 were cast for Bradley and 76 for Fox, giving Broadhorns a majority of 61.

## CLEAN TICKET.

The destiny of the Republican party of the State of Nevada is in the hands of the Delegates who meet in Eureka to-morrow. A ticket of good and true men, untainted with any ism, whose record will bear close inspection, can be elected. If men are nominated tainted with bonanzaism, railroadism, V. & T. R. R. ism, or any other ism, the party will go to the dogs. The interests of Republicanism should be the paramount "ism," and the people's interests should be looked out for, in preference to that of the corporations and corruptionists.

## THE PLATFORM.

There should be no uncertain ring in the Republican platform. Every plank must be solid, and every man nominated of such a character that he will not go back on his pledge. "The Chinese Must Go" should be there; "No repeal or modification of the bullion tax law" another shibboleth; "Fares and freights must be reduced;" "State tax must be lowered to 40 cents;" these should be made the watchwords of the campaign. And above all, once more we say, men must be put on the ticket whom the people can trust to carry these things out.

## ENDORSE HIM.

The Republican State Convention's first duty is to endorse Senator Jones, and pledge the party for his re-election. The corporations will endeavor to prevent this, but a failure on the part of the Convention to do it, will be a mistake, the result of which will be apparent in November.

## WASHOE'S CLAIM.

The Republican State Convention can not afford to ignore Washoe. This is the second county in wealth and the third in population. It is deserving of any position in the gift of the Convention. Not only one, but two positions if it asks it.

## DON'T ALLOW IT.

The members of the Republican State Convention should select a ticket worthy the support of the people and the party. No power on earth can save the ticket from a Waterloo defeat if the monied powers and the railroad corporations manipulate the Convention.

## JUDGE HAWLEY.

The Republican State Convention can do itself no greater honor than to renominate Tom Hawley for Supreme Judge. Hawley is the people's candidate, and if he is beaten it will be through the corporations and corruptionists. They will do it if they can.

## SPOT HIM.

The Republican State Convention should spot any man whom the corporations put forward. The signs of the times clearly indicate that the people are coming to the front. Corporations have run the State of Nevada long enough.

No man who bears the brand "V. & T. R. R." on the back of his shirt collar should be nominated by the Republicans. If he is, defeat is certain.

IF the bonanza crowd and the V. & T. R. control the Republican State Convention good-bye to the ticket that may be nominated.

## THE STOREY MUDDLE.

The trouble in Storey is liable to be a hard nut for the Republican State Convention to crack, and no matter who gets the shell will be apt to feel disappointed. It would seem to us that the best way to settle the difficulty is to divide the kernel between the two factions. It will not do to ignore the voice of the people as expressed at the primaries; yet the County Committee have rights which should be respected. The Committee made a mistake in not calling primaries, as the respectable vote polled by the dissatisfied ones shows. Some of the appointed delegates were also elected; so there will be no question about their right to be admitted. The Convention should listen to wise counsels in deciding the matter, and whatever is done, if done in the right, will be cheerfully acquiesced in by the great mass of the party.

THE White Pine *News* declares that by actual count there are 700 Democrats in White Pine who will vote to return J. P. Jones to the United States Senate in preference to Thomas H. Williams.

MINNESOTA has a temperance ticket in the field.

## EUREKA REPUBLICANS.

The Republicans of Eureka, in convention assembled, adopted the following platform and resolutions. We commend their action to all:

*Resolved*, That all candidates for legislative honors be and are hereby required to pledge themselves, in the event of their election, to use all honorable means to secure the election of the Hon. J. P. Jones to the United States Senate.

*Resolved*, That the Republican party of Eureka county, Nevada, hereby reaffirms its allegiance to the cardinal principles of the grand old Republican party that has for so many years preserved the national life from the Democratic assassination.

*Resolved*, That the maintenance of of the great principles of the Republican party is essential to the peace, permanency and prosperity of the nation; that all citizens should be guaranteed equal rights and equal protection under the law without regard to race, religion, condition or occupation; that no exclusive privilege should be granted to individuals or classes; that the common school system should be cherished and perfected and to that end the school fund should not be diverted to sectarian purposes; that taxation, State and county, should be reduced; that rigid economy should be practiced in all expenditures, State and county; that such legislation should be adopted as may be necessary to protect the lives and secure the comfort of miners and other laborers employed in hazardous occupations.

*Resolved*, That the Union soldiers are entitled to all honor, and that the displacement and substitution of rebel soldiers as employes, by the Democratic majority in the National House of Representatives should be condemned by every patriotic citizen.

*Resolved*, That the public lands and mines belong to the people, and should be reserved exclusively for the actual settlers and locators, so that the industrious poor may be encouraged and aided to enter upon and occupy them.

*Resolved*, That the law now in force in this State, commonly known as the Bullion Tax Law, is just and equitable. We oppose any repeal of that law as unjust to the citizens and resident miners and solely in the interest of foreign capital, and we pledge ourselves to support no one for a legislative position who does not pledge himself as opposed to such repeal.

*Resolved*, That we solemnly declare it to be our opinion that the breach of a pledge given to a nominating convention by a successful candidate for office is more dishonorable than the violation of any private trust or duty can possibly be.

*Resolved*, That we request the members of the State Legislature to use their best efforts to secure the passage of a law providing for payment of reasonable salaries to county officers, and prevent the payment of extravagant amounts in fees or otherwise to county officials for small services.

*Resolved*, That we are opposed to the immigration and permanent residence in the United States of any of the Mongolian race; and we demand of the General Government such speedy legislation as will prevent the immigration to our shores and permanent residence among us of the Chinese and other Mongolians.

THE NATIONAL DEBT.—The Secretary of the Treasury has had an analysis of the public debt made, showing its condition from July 1, 1860, to July 1, 1878. In 1860 the outstanding debt, was $64,842,227; cash in treasury, $4,877,385; population of the United States, 31,443,321; debt per capita, 1 91; interest per capita, 011. In 1878 the outstanding principal of public debt was $2,256,205,892; cash in treasury, $256,423,612; population of the United States, 47,983,000; debt per capita, 81,67; interest per capita, 1.97. The debt on which interest had ceased in 1860 was $201,449, while in 1878 the debt on which interest had ceased was $5,584,560. The non-interest bearing debt in 1878 was $455,864,662. The total debt less cash in treasury in 1860 was $59,964,402, while in 1878 the debt less cash on hand was $1,999,382,280.

TO HAVE a leaning to every idea and never heartily endorse anything till it is popular; to have different faces for different situations; to be able to blackgard a man one moment and eulogize him to the skies the next; to know no friends, but to co nsider all mankind as tools which are to shape his destiny; to be dark and mysterious, never frank and open—these are the requisites for a firstclass politician.—*Sac. Bee*,

THE Elko Republicans have nominated the following ticket: Senator, J. M. Woodworth; Assemblymen, B. F. Plummer, S. Beard, J. S. Mayhugh: Sheriff, Frank Rogers; Clerk, O. E. Green; Recorder, Capt. C. C. Warner; Treasurer, H. M. Grant; Assessor, J. McKittrick; District Attorney, G. A. Kingston; Supt. of Schools, T. W. Huntington; Commissioner, J. M. Graham; District Judge, J. H. Rand.

EACH Speaker of the British House of Commons receives a pension of $20,000 a year, with remainder to his eldest son, at whose demise it terminates; but there is only one Ex-Speaker—Viscount Eversley, Charles Kingsley's friend and neighbor—who has such pension, and he has no son. His successor, Mr. Denison, created Viscount Ossington, refused a pension. He died childless.

THE Sargent-Page-*Chronicle* libel suit was called up for a second trial in Placerville yesterday.

THE Tuscarora *Times Review* of Friday shows up civil service reform by saying:

Our Senior "wich is Post master," leaves this morning with his pockets filled with proxies and twenty-dollar pieces for the Republican Convention at Elko. Thusly is the everlasting stuffing knocked out of Rutherford B's Civil Service Reform, and thusly one by one are our idols smashed into eternal smithereens. 'Rah for Tilden.

SUICIDE OF A GIRL OF FOURTEEN.—Annie Jones, daughter of Robt. Jones, of the Pioneer Dairy, American Flat, committed suicide last night. Annie was fourteen, and loved the driver of her father's milk cart. He chided her harshly on Friday and she took strychnine.

## Prisoner Captured.

Sheriff Kyle, of Humboldt County, went East yesterday morning, having in charge "Rattlesnake Dick," which same had a longing for horseflesh. He was captured in California and the Sheriff had to get a requisition from Governor Bradley in order to get him. "Rattlesnake" was attired after the manner of "Captain Jack," and looked like the "wild man of the Stanislaus."

## For Recorder.

R. H. Wright announces himself as a candidate for County Recorder, subject to the decision of the Republican County Convention. Bob, as he is familiarly called by his acquaintances, is as competent for the position as any man in the county, and if elected we know that this people would never have cause for complaint.

## Insolvent.

C. A. Simmons has taken advantage of the State insolvent act. We are sorry that he has been attended with such a misfortune.

FOUND.—A small gold neck chain and pendant. Initials, T. R. C. on clasp. Owner can have same by calling at this office and paying for this notice.

A FRANKTOWN correspondent informs us of a workingmen's meeting there last Saturday night. The Franktown roll now numbers nearly twenty-five.

WATERMELONS were never known to cholera morbus a fellow; but won't somebody pass the Jamaica ginger and put a little brandy in it.

A LARGE number of names were signed to the petition asking for the return of Rev. Mr. Gray as Pastor of the M. E. Church another year.

SCARLET FEVER is spreading among the children. Too much care cannot be taken to prevent the little folks catching it.

OUR thanks are due to Mrs. McNeely for a beautiful bouquet of flowers culled from her garden. It is indeed a beauty.

REGISTERING is a little brisker now—612 were on the list yesterday. Plenty of room for more.

SEVERAL Renoites are attending the California State Fair at Sacramento.

## Personal Notes.

Edward A. Weed, editor and proprietor of the Susanville *Advocate*, arrived in town last evening, and will remain with us to day. He leaves for Sacramento to-night to attend a meeting of the Pacific Coast Press Association, to be held at that place to-morrow. Mr. Weed's paper is a very nice one, and one that should be liberally patronized by Reno business men. Mr. Weed will return from below in time to be present at our Fair.

Mr. Sam King, of Carson, was in town yesterday. Mr. King will be the Democratic nominee for Judge of this district. He is spoken of as an exceedingly pleasant gentleman, and one of the best lawyers in the district. It is too bad for Mr. King that the Democracy are in a hopeless minority in this district.

Bishop Whitaker went below last night to be absent ten days. He will visit Santa Cruz.

Fred Wetherill left Omaha yesterday and will arrive in Reno on the 18th, at least so the telegraph says.

## Republican Club.

A good number assembled at the Court House in answer to the call made for Republicans to meet for the purpose of forming a club. The meeting was called to order by B. F. Leete, who stated the object of the call. Dr. Hutchins was elected Chairman and J. S. Bowker Secretary.

A committee of five, consisting of B. F. Leete, John Bowman, C. A. Bragg, L. R. Wickes and Dr. Dawson, were appointed to draft Constitution and By Laws and to report at the next meeting.

A committee of three was appointed to secure speakers to address the meetings, consisting of Messrs. Bowman, Richardson and Shoemaker.

Several short speeches were made, after which the meeting adjourned untill next Monday night at 7½ o'clock at the same place, when a permanent organization will be effected.

## Those Delegates.

The Committee on selecting names from which the Democrats are to elect their delegates reported last Saturday night the following persons from which the delegates are to come: J. F. Crews, R. W. Russell, J. B. Gamble, J. H. Bailey, C. J. Brookins, N. J. Roff, G. Andrews, H. Jameson, Henry Johnson, C. Knust, L. J. Flint, F. J. Winchell, D. D. Bowen, G. Chism, F. C. Updike, John Dixon, Sr., James T. Davis, H. W. Edwards, A. C. McFarlin, John J. Zook. The same committee presented the following from which the State delegates are to be taken: Thos. E. Haydon, John Sunderland, J. J. Becker, J. P. Richardson, T. N. Snow, Al White, B. B. Baum, Jerry Brown, N. Williams, J. F. Cookes: Fifty persons signed the roll Saturday night.

## Robbery.

Charles Lewis, who has been employed by Mr. Crews as bar keeper for the latter part of the night in his saloon on the Capital corner, came up missing yesterday morning and with him disappeared $248 belonging to his employer. Mr. Crews had been in the habit of putting his money in Manning & Duck's safe, but had drawn it out for the purpose of paying bills, and Lewis availed himself of the opportunity presented and took it. Wm. Ross and Mr. Illidge went in pursuit of the handsome Charles yesterday and there is a reasonable prospect of his capture as he was on foot and they were on horseback. He took the Sierra Valley road, and when we last heard of the officers they were only fifteen miles behind the fugitive.

## Mr. Duck's Condition.

There is a little chance for Mr. Duck to live. His kidneys show renewed life; but the great danger now is from an effusion of water on the brain, of which there is a little now. Should it continue to accumulate, nothing can save him. For a time yesterday Mr. Duck was conscious and recognized one or two friends, but he has been out of his head nearly all the time since Saturday night. This community can ill afford to lose Wm. Duck, and we earnestly hope he may be spared to us yet awhile.

## For Eureka.

The delegates to the Republican State Convention from this end of the State are hurrying on to Eureka. About twenty went out from here Sunday night, and last night fifty more. Take the delegates and the candidates with their friends, and over one hundred will go from the West, which makes a very respectable showing.

## Good Thing.

The Central Pacific Railroad will make $5,000 out of the delegates to the Republican State Convention in the matter of fare. The Company acted a little mean in not giving the boys half fare.

## Rain.

We were favored with a magnificent shower yesterday morning. No need to irrigate the trees and plants for a few days.

THERE are messages in the Western Union office for A. B. Thompson and Wm. S. Bailey.

## Chalk Bluff Blue Gravel Mine.

Gen. Orlando Evans arrived in town yesterday after an absence of three months at the Chalk Bluff Blue Gravel mine, situated at the head of the Middle Fork of the American river, in Placer Co, Cal. The General owns the controlling interest in the mine, and tells us that they are now about to tap the bed of blue gravel. The company have been working for three years and run a tunnel 1,000 feet, when it was discovered that they were going parallel of the gravel and would not be likely to tap it within 1,500 or 1,600 feet. So they came back to a point within 400 feet of the mouth of the mouth of the tunnel and crosscutted 250 feet. The face of the crosscut is in loose coarse gravel, which is the sure indication of blue gravel beyond, and it is now only a question of a few feet before they tap pay dirt. The coarse gravel contains gold enough to pay for breasting. The gold they have already taken out is coarse and heavy. Mr. Evans is confident there is a fortune in front of them, and they are hastening to get at some of it. That long parallel tunnel has taken two years of hard and at present useless labor, but in time it will come in good use when they desire to follow the channel further. The rock through which it was run was very hard and it cost $50 a foot. We hope the gentlemen interested will develop a bonanza.

## The Workingmen's Meeting.

"There was some movement toward holding a workingmen's meeting here last night says the Carson *Appeal* of Sunday; but the wind and weather and the sudden sickness of one of the prime movers, militated against it. The plan was to hold it on Capitol Square, the speakers speaking from the steps of the State House, Mr. Robert Leeper, who has been taking a leading part in this Workingmen's movement in Washoe County, informed us last evening that the wind was too strong to make an outdoor meeting a success; that Mr. Hoole, one of the chief movers of the cause, was sick; and that altogether the inducement to hold a meeting was not of an encouraging character. The fact is, there had been but a very slight and feebly circulated notification. The movement will no doubt be more effectually planned at another time. We learn from Mr. Leeper that Mr. Hoole is threatened with typhoid fever. The speakers who were to have addressed the meeting last night are Messrs. Robert Leeper and T. E. Hawkins."

How about that typhoid fever case, Hoole? Must have had it bad when you were laying it down to them Saturday night.

## Board of County Commissioners.

The Board met yesterday morning. Present T. K. Hymers (Chairman), O. C. Ross, W. H. Joy, (Commissioners) P. B. Comstock, Clerk, Wm. Cain, District Attorney.

The bill of R. Lewers (laid over from last session) for $15, allowed.

Petition of citizens of Wadsworth was presented asking that S. W. Sawyer be appointed Road Supervisor for Wadsworth District, granted.

Heister Stephens, Road Supervisor of Glendale District, tendered his resignation. Accepted.

Adjourned to meet as Board of Equalization

A. J. Clark appeared and applied for a reduction of the valuation of his ranch from $3,000 to $2,000; taken under advisment.

The Board then proceeded to examine statements.

## Wise Move.

The action of the State Fair Managers in throwing competition open to the counties in California just north of us has proven a very wise move. Already a large number of horses have been entered from Plumas and Sierra counties, and a number of people will be in from there. Heretofore they have been without a chance, being too far from Sacramento and not allowed to exhibit here. This difficulty is done away with now, and those counties will do well in their exhibit.

## Good for Reno.

Mr. Irwin Ayres writes us that they have commenced surveying the road over Warner's Range, and will build it. This road will bring Lake View within twenty seven miles of Bidwell, and will be the connecting link between the Dalles and Reno. The result will be a great deal of travel between the two points. The building of this road will divert the trade of Goose Lake and Chewancan from Reading to Reno. Can't Reno help the scheme.

## Peach Cobler.

A peach cobbler social will be held in the M. E. Church to-night, at which are to be singing, reading, charades, tableaux, peach cobbler, ice cream, pork and beans and fun, all for 25 cents. Everybody invited.

## More Relief.

One hundred and thirty-one dollars has been subscribed to the yellow fever sufferers by citizens of Washoe Valley, also $50 for same purpose by Washoe Lodge, No. 8, I. O. O. F. The list was carried around by Charles Barstow. Time occupied in doing so two days.

## Handsome Contribution.

The Virginia and Truckee Railroad employes, in Carson, having made up a purse of $408 25 in aid of the yellow fever sufferers, that amount was telegraphed Saturday to the Howard Association of Memphis. This amount, handsome as it is, would havd been doubled or more, if it had not been that the late failure of a stock broker there crippled the men in a very serious manner.

## District Court.

The September term of the District Court opened yesterday, Judge Wright presiding. The following business was transacted:

Campbell vs. Barlow, continued to some time fixed by Court.

Golden Fleece vs. Cable Con. M. Co., demurrer argued and taken under advisement.

Peter Woods was admitted to citizenship. H. F. Schute also.

## Beautiful Prize.

In the window of I. Fredrick's jewelry store may be seen a solid silver tea set, the first prize in the ladies' tournament at the State Fair; a full set of knives, forks and spoons, solid silver, the second prize; a silver water pitcher and three silver goblets, third prize; and a beautiful silver card receiver, fourth prize.

## Reno Horses.

We find the following entered for the Carson races: M. C. Lake enters Muggins in the 2:35 class; J. W. French names Pest in the 2.50 class; M. C. Lake names Nellie Blair and S. A. Gibson names Jim Barnes in the mile dash for two-year-olds.

## For the Sufferers.

A concert is to be given in the M. E. Church next Sunday night by the Sunday School. An admission of 25 cents will be charged, the gross receipts to go for the benefit of the yellow fever sufferers.

TAKEN TO THE PRISON.—Sheriff Swift delivered Hutchinson, the wife-knife (and forker) to the Penitentiary Saturday, there to do duty in behalf of the State for the next two years. He is a dentist. There will henceforth be no excuse for the toothache at the State Prison. Moreover, if the prisoners develop too furious an appetite, here is the man, handy, to razee the masticating capacities. All things considered, Hutchinson is well disposed of, thinks the *Appeal*.

THE total amount of the assessment upon real and personal property, exclusive of the personal property tax collected by the Assessor amounts to the snug little sum of $3,523,575 in Washoe county this year. The personal property tax collected must be added to this. The equalization of taxes will probably reduce the above figures to about $3,300,000.

MISS VOLK, a talented young lady of Virginia City, will probably take part in the concert at the M. E. Church to-night.

At Osburn & Shoemaker's you can buy Florida Water for 25c and 50c; Cashmere Boquet Soap for 25c, other toilet soaps in proportion; Sanders' Face Powder, 37½c, other toilet powders in proportion; also just received from the East a large and splendid assortment of Fancy Hair Oils, Colognes, Extracts, etc., which we offer at prices lower than ever offered in Reno. Call and see them*

STAGE TO PYRAMID.—Having formed a conjunction with J. W. Whitehead, I will run a stage to Pyramid, leaving Reno on Tuesdays and Fridays of each week, returning Sundays and Wednesdays. Passengers, $2 50; fast freight, one cent per pound. Office, Soda Factory, JOURNAL building. ALFRED JOSE.*

S. E. WARE is prepared to clean water closets, etc. All orders will be promptly attended to. Leave orders at the Capital or Chas. Becker's saloon. *
